TREAT YOURSELF

TO THE BEAUTY OF WOOD, THE DURABILITY OF STEEL AND THE FREEDOM FROM MAINTENANCE YOU DESERVE

Improve your home's curb appeal with Klauer. We offer a complete line of steel siding and accessories, aluminum soffit, fascia and rain-carrying products, all made to withstand the elements of any climate. Klauer products are available in a wide variety of color options. Our resilient finish is designed to stand up to intense UV rays that fade most other siding products within a short period of time.

The Klauer Classic™ Steel Siding and Accessories collection is available in 24 solid siding colors to give you design flexibility.

The Klauer Prestige™ Steel Siding and Accessories collection replicates nature in terms of color and texture. Its unique color palette consists of five two-tone shades.

The Klauer Elite Steel Siding and Accessories Collection, available in five attractive colors, adds durability, richness and low-glare, true-color appearance—even on the brightest days and in the toughest elements.

Klauer Aluminum Soffit and Rain Carrying Systems are available in 24 colors, allowing you to match or contrast your home's exterior, for envied curb appeal.

ENVIRONMENTALLY RESPONSIBLE
STEEL

At Klauer, we value eco-friendly manufacturing practices. Steel is the most recycled material on the planet, more than all other materials combined, and can be recycled repeatedly without loss of strength.

Klauer premium collections are created with Cool Paint Technology™, which offers superior performance by using reflective pigments to help reduce energy consumption.

Our silicone-modified polyester paint systems are baked in high-temperature ovens during a continuous coil-coating process. As a result, our steel siding exteriors perform better than alternatives like vinyl, wood and pressed-composite products with pigmented PVC or post-production-applied coatings.

WEATHER PROTECTED

Klauer's world-class coatings are harder and more scratch- and stain-resistant than any other product—and they're backed by the most comprehensive warranties in the industry. Our tough proprietary finish prevents stains, keeps surfaces cleaner and repels water, oils and other elemental factors.

WARRANTY TOUGH

To give you added peace of mind, we back our steel siding collections with a no-nonsense Limited Lifetime Warranty, which includes a 35-year limited chalk-and-fade guarantee and a hail-protection warranty.

WORRY FREE

Klauer Steel Siding and Accessories are virtually maintenance free—just a quick rinse with a garden hose will keep your exterior siding looking clean and beautiful. You'll never have to paint or stain your home again.

THERE'S NOTHING BETTER

Klauer steel siding is made from the finest materials to ensure the most dependable siding available in the industry today. Our steel siding is more durable than vinyl, aluminum, wood or fiber cement. Klauer steel siding

is tough because it's made of a heavy-gauge steel and finished with a durable, long-lasting coating that resists cracking, peeling, flaking, blistering, chipping, fading and so much more.

TOUGHNESS
**NEVER
LOOKED
SO GOOD**

Want to improve your home's curb appeal with a look that's vibrant and resilient?

Klauer steel siding looks great—and it's finished with a durable, long-lasting coating that resists cracking, peeling, flaking, blistering, chipping, fading and more.

And you can choose from three distinct ceramic hybrid finishes.

THE FINISHING
TOUCH

KLAUER CLASSIC ALUMINUM

The Klauer Classic Aluminum Series is formulated with a proprietary high-durability resin for resistance to chalking and fading, and contains high-quality exterior-grade and ceramic pigmentation for superior color stability. Klauer Classic products also offer long-term exterior-weather performance and improved scratch and metal-marking resistance.

- › Available in 16-in.-wide soffit panels
- › 12-ft. standard panel lengths with special length options
- › Produced in solid, center-vent and full-vent configurations

SOFFIT AND FASCIA

We entered the aluminum soffit-manufacturing market to provide the highest-quality soffit and accessories available. The result is a final product with the most free airspace in the industry—providing maximum energy-saving ventilation—and a paint system to match. Our paint is durable and tough, environmentally friendly, 100-percent recyclable and stain resistant and can be easily cleaned with a garden hose.

RAIN-CARRYING SYSTEMS

Our sturdy, long-lasting roof-drainage products prevent water damage by collecting rainwater and moving it away from walls and foundations. We produce a variety of sizes and types of gutters, gutter coil, downspouts and other accessories.
